Mr. Ben Grossenbacher and sisters, his cousin and Mr. Becker of Potranco are also here for the dance Saturday night.

Large crowds from D'Hanis, Hondo, Adona, Potranco and Idlewild attended the Ball Game here Sunday played between Lacoste and D'Hanis. Mrs. Otto Jungmann was a pleasant visitor in San Antonio the latter part of the week.

Willie Reicherzer, assistant Soda Shop Mixer, made a business trip to San Antonio Saturday.

Mrs. Ed. Keller, and Mrs. Ed. Jungmann were Alamo City visitors Monday.

Mr. Rohrer transacted business in San Antonio the forepart of the week.

Mrs. Theresa Mangold and Mrs. Christina Ehlinger spent Tuesday and Wednesday with relatives in Castroville.

E. F. Hilliard is sporting a brand new buggy around town today which he purchased in San Antonio.

An enjoyable evening was spent at home of the Misses Bippert's at the Sauz Monday night. Delicious refreshments were served to the jolly crowd. Those in attendance were: Messrs. Martha, Hettie, and Alma Bippert, Ida Reicherzer, Meda Bippert, Messrs. R. M. Turner, R. J. Mangold, Emil Bippert and Paul Ehrhart. All report a jolly time.

Mrs. E. F. Hilliard visited in the Alamo City one day this week.

Mrs. Geo. Haas of Devine visited relatives here Saturday. She was accompanied home by Miss Tessie Haas of Castroville who will remain there for some time.

Miss Johnnie Greenshield stopped here Wednesday on her way to Medina from Schuehlenburg to visit her parents. While here she paid a visit to Miss Mamie Reicherzer. Lacoste, July 16, 1913.

Are Automobiles too Heavy.

You often hear the remark: "I want a light car. It costs too much to run a heavy machine." This is one of those half truths that have just enough of accuracy to be dangerous. It is true that some cars are "tire eaters" as they are called, because of excessive weight. It is equally true, however, that many light cars use up tires just as fast as do the heavy machines. A car that is so light that it will not keep its feet, will not stay on the road, but jumps and bounces and slides along, puts a far greater wear on the tires than does a heavier car that holds the road well, and keeps the tires always in firm contact with the surface. When a light car bounces off the road the effect is the same as is found with a "racing" propeller on a steamship. The speed of revolution is greatly accelerated while the tire is off the ground. Hence when it strikes the ground again there is a very decided slipping and sliding shock which wears the rubber excessively. It has the same effect in even a worse form, as the running of a wheel that is out of true. Every motorist knows how hard this is on tires. In a car of moderate weight, properly proportioned, the tire grips the surface of the road or street at practically all times, and hence there is none of this "racing" and resulting shock and slipping. Mr. Roberts cites the Hudson as a car that is correctly proportioned as to weight and power. An automobile of this size and power will be found most economical of tires, pleasant to ride in, and capable of long service without excessive cost for repairs and up keep. To select a very light car is almost as poor judgment as to pick a very heavy one.

Grand Birthday Surprise for Mr. George Leinweber.

One of the largest birthday gatherings that has been known here in some time took place Sunday, July 13th, when there were 128 relatives from all over the country besides friends gathered at Mr. Leinweber's. The birthday surprise had been progressing ever since the Fourth of July. Jacob Karm and J. W. Ridenour got up the surprise with caution and carefulness. They kept every thing so secret that there were five carriages driven in at the gate while Mr. Leinweber had his face and hands buried in a pan of good cool water. We prepared a fine barbecued goat, plenty of chicken and roast beef and a fine dinner generally with two kegs of beer on ice and every thing went off lovely.

The surprise caused Mr. Leinweber to sell two of his fine registered Herford bull calves at \$60 each, one to Hy. Leinweber and one to Mrs. Aug. Leinweber.

Following are some of those present: Mr. Hy. Senne of Brackettville, Miss Lily Weidenfeld of San Antonio, Mr. and Mrs. Hy. Hartman, Mr. and Mrs. Geo. Bendele and family, Mr. and Mrs. Chas. Senne, Mr. and Mrs. Jacob Karm, Mr. and Mrs. Hy. Frerichs, Mrs. Aug. Leinweber and family, Mrs. Chas. Winkler of San Antonio, Mr. and Mrs. J. W. Ridenour, Alfred Bader and his gang, and others too numerous to mention.

About 4 o'clock in the evening the surprises began to go home, wishing Mr. Leinweber many more happy birthday surprises, and by 8:30 they were all gone home rejoicing over the good time they all had spent during the day.

Over-Sized Tires.

In numerous automobile advertisements today, says Mr. Roberts, the local Hudson dealer, you will find the statement that the car is equipped with "over size" tires. This has assumed the proportion of a fad. Every motor-car advertisement writer seems to think he must use this term. It seems not to make any difference what size of tires his car is equipped with he uses the term anyway. It sounds to him like good "selling talk". As a matter of fact a whole lot of cars have always been under tired. And if any change has been made it is merely to put on them the size of tire that they should have had in the first place. Hudson cars, says Mr. Roberts, are equipped with tires that will not only carry the weight of the car, with all tanks filled, extra tires in place, and the full number of passengers in the car that it is built for but also provide for large margin of over weight. The Hudson is not under tired or over tired, it is accurately and properly tired. To equip a car with tires larger than it requires, adding extra cost, is just as poor engineering as to equip it with tires that are too light. There is only one right size. The Hudson engineers find this right size and that is the size they use.

A Pleasant Outing.

A jolly crowd left last Sunday morning in automobiles on a pleasure trip to Moore to visit Mr. and Mrs. Albert Bippert and family. They also took in the sights of Lacoste, Natalia and Devine. Plenty of water-melons were served. Those in the merry crowd were: Mr. and Mrs. Rudolph Wurzbach, Mr. and Mrs. H. F. Wurzbach, Mr. and Mrs. O. J. Wurzbach and Mr. and Mrs. Arnold Wurzbach, Misses Lizzie Kieffer, Cedralia, Cornelia, Elvira and Behnde Wurzbach and Mildred Bippert, Messrs. Alfred Steinhilber, Alfred Mangold, Julius and Ellis Wurzbach. All report a most delightful time.

Paige Model Glenwood, Completely Equipped, \$1275

HERE IS THE CAR that prominent men in the trade said we couldn't build to sell for \$1275 with all its remarkable design and equipment. Some manufacturers declared it *preposterous* on our part to *assume* that we could do it. Dealers handling other cars declared we would put out a *few* of these really wonderful cars at \$1275, just to get people interested, *and then raise the price.*

Well, we have been delivering the Paige "36" to our dealers ever since January 1st, and for every car delivered there have been a dozen purchasers waiting.

But have we raised the price? No. And now when the demand for the Paige "36" is simply snowing us under are we raising the price? No.

We are leaving the price *untouched* and *adding still more equipment.* What will the other fellows say now? Can we do it! *Well, we are doing it.* And that is all that interests you car buyers.

NOTE THE NEW EQUIPMENT: Electric Horn, Quickly Adjusted Inside Storm Curtains, Combined Rain-Vision and Ventilating Windshield, Non-Skid Tires in Rear, Ventilated Hood.

Find such complete equipment, if you can, anywhere else in the whole Paige price-field. *And find such a car!* Any Paige owner—and they are almost *everywhere* now—will tell you what a car, *just as a car*, the Paige has *proved* itself. Those who own the "36", whether the touring car, roadster, coupe or sedan, are enthusiastic beyond words.

PAIGE 25—\$950

Electric Starting and Lighting System \$75 Extra

From this date we will equip the Paige "25" with an electric starting and lighting system for \$75 extra. The car is designed to take the equipment, and it will be added at request. The additional charge is so reasonable that we know many purchasers of the "25" will want the equipment. Think of this car, with electric starting and lighting, for only \$1025. Wheel base 110 inches—32 in. x 3 1/4 in. tires—sturdy, silent motor, 3 1/2 x 4 in.—unit power plant—cork insert multiple disc clutch—wide doors—roomy body.

Equipment of the Paige "25" is very complete, including genuine mohair top, side curtains and top boot; ventilating windshield, built into body; speedometer; two black enamel and nickel gas headlights; three black enamel and nickel side lights and tail light; demountable rims, one extra; non-skid tires in rear; robe rail; linoleum covered running boards; tire irons, horn, pump, jack, tools and tire repair outfit. Five-passenger touring car, equipped complete as above, \$950.

An Appeal

FOR THE ADOPTION OF AN AMENDMENT TO SECTIONS 49 AND 52 OF ARTICLE 3 OF THE CONSTITUTION OF TEXAS, BY F. THUMM OF DEL RIO.

When in 1876, the people of Texas adopted the present constitution, they incorporated into the organic Law of our State provisions for the building and maintenance of our State University, Agricultural and Mechanical College and our State Normal Schools which were regarded amply sufficient for the needs of that time and so they were; however, no State in the Union progressed with such gigantic strides as did Texas and for the past few years the buildings as well as equipments of our State institutions of learning are wholly inadequate for present needs, and notwithstanding the princely endowments which the State of Texas and some generous donors bestowed upon our institutions, the funds can not be utilized, because our organic Law does not allow the Legislature to pass Laws permitting the issuance of bonds for the enlargement of buildings and the better equipment of our institutions of learning to comport with present needs. In order to cure this defect in our organic Law, the last Legislature resolved to submit to the voters of Texas an Amendment to Sections 49 and 52 of Article 3 of our Constitution and every progressive citizen of Texas ought to vote for the adoption of this Amendment, because it means the development and better equipment of all of our institutions and last but not least it means the protection of our farmers because it would give the Legislature power to authorize the issuance of bonds by any county or political subdivision of County or State for the construction of warehouses for farm products the total value of which amount to over \$400,000,000.

There are hundreds of thousands of Dollars of endowment funds of our State institutions lying idle in the several Banks of the State, because the Legislature is powerless to pass a Law permitting the use of these funds for the benefit of the students of Texas whose total number is in the neighborhood of 10,000 in the several branches of learning; in short, the adoption of this amendment on the 19th of July, would place Texas in the front ranks of the most progressive States and countries of the world and all this without extra taxation, except in the construction of warehouses for farm products which would be left to decide by a majority of Taxpayers desiring such warehouses the cost of which would not exceed one per cent taxes on the hundred Dollars valuation. In behalf of the good name of the great State of Texas, in behalf of the intelligence of her citizenship, let every tax payer do his duty on the 19th of July and cast his vote for the adoption of this amendment.

A Brass Band And Its Value To A Community.

One of the most attracting features, as well as an evidence of a prosperous and flourishing community, is a well organized and equipped brass or military band. It is a public institution and, as such, deserves the liberal support of every business man and public spirited citizen. A band composed of earnest, enthusiastic and faithful members producing good music, as they will in time, is certainly an elevating influence in a community, is something to be proud of and a source of pleasure to a great many.

A movement is being made to have just such an institution in Hondo and all young men who wish to become its members and promise intelligent study and regular attendance to its meetings and can make a small financial deposit as a guarantee of good faith are urgently desired at this meeting, notice of which appears in another column of this paper, also the influence of our business men and citizens.

Obey That Impulse!

Instead of enduring the daily torment of weak back, headache, sore kidneys, swollen joints and rheumatism, obey that impulse to take Foley Kidney Pills. They co-operate with nature, which accounts for their success in all kidney and bladder disorders. They are healing, strengthening and tonic. Obey that impulse to-day and give them a chance to help you. W. H. Windrow.

If you OPPOSE taking from the people the right to vote on State bond issues and giving to the Legislature full power to issue bonds in unlimited amounts—from One Million to a Hundred Million Dollars' worth without a vote of the Tax-Payers—scratch your ballot like this:

FOR AMENDMENT to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

AGAINST AMENDMENT to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

A Notable Publication

There has just come to this desk a copy of the July number of the Southern Woman's Magazine. The cover design is exceedingly attractive and is a most artistic reproduction of a drawing by Mr. John Edwin Jackson, a gifted New York artist. The magazine is most creditable and contains many subjects of interest most cleverly discussed.

The Letters of General R. E. Lee during the early sixties are particularly notable in the present issue. There are attractive pictures of Captain R. E. Lee, the younger son of General Lee, and his daughter, Mary Curtis Lee. These letters are distinct contributions to history and are well worth preserving.

A Warning I Give.

I, Fred Metzger, a veteran of three wars in the United States—namely, the Mexican war under General Scott from 1847 to 1848, the Indian war in the 2nd Cavalry from 1855 to 1860, and the Confederate war from 1862 to 1865—ought to know what war is.

I heard several men of Hondo, and all along the line to San Antonio, say that the United States should intervene in Mexico. That is all talk. Those who wish it will not go, for intervention would mean war with Mexico and it will be all Mexicans against the United States. Even the Mexicans in Texas and other states would go to Mexico to kill the gringos, as they say, for they have a spite against all the white race. We would have to get an army of 200,000 men, mostly volunteers, to invade Mexico. A long and horrible campaign, in a tropical climate and a loss of an animal trade of \$200,000,000 and jeopardizing lives and investments of Americans now in Mexico. What would be the consequences? An incalculable expenditure of life of the soldiers and treasure of the United States to help the rich only who have gold mines, coal mines and all sorts of mines, oil and land in Mexico that is owned by rich Americans and foreigners.

And should we have war with Mexico and have all of our soldiers there, that is just what England and Japan wants. England will rush to Canada and the Panama Canal and the Japs to California and the Philippines. Then war will be hell sure enough, and all will be for the rich only and the poor will be forced to go to war. Then the rich will show their loyalty and patriotism to the United States by packing up and going to France, Spain or any other safe place to hide with their gold.

This warning I give, for deep in my soul I love this country, the Government and the flag that I fought under—and still the United States says I am not one of her citizens. I am a man without a country.

FRED METZGER.

Hondo, Texas, July 3, 1913.

Heath—Ferguson.

Chalk Bluff, Tex., June 26.—Miss Myrtle Ferguson is now a bride. Just as privately as could be celebrated was the marriage of Miss Myrtle Ferguson to Frank Heath on Wednesday evening. And yet seldom does an event transpire of more general interest. Strictly devoid of detail and with the veriest few guests was the service conducted. The pastor, Rev. H. J. Matthews of Provident Heights Baptist church, was the celebrant. There were no attendants, and 9 o'clock was the hour. There was just the appearance of the bride and groom together, the taking of their sacred vows, a pause for congratulations, and then it was off into the new home and the new life for Mr. and Mrs. Heath are leaving for Galveston and other resorts until the first of August, when they reach Hondo and take permanent abode. The bride wore her sailing suit, a coat combination in grey. She gave emphasis to the happy hour in her bride's bouquet.

In the old home of the bride in this town, where she has grown to young womanhood and in hearts of many friends, this event is noted with satisfaction. For the man who now takes her into the most sacred relation of life is one of an enviable past and of a most promising future. Mr. Heath is ranch and stock owner. Having wooed and won his bride in Hondo, he returns with her not altogether the stranger.

In Memoriam.

In loving remembrance of our cousin, Elton A. Stiegler, born, October 23, 1911; died, July 1, 1913, age 1 year and 8 months.

We had a treasure once,
He was our joy and pride;
We loved him, ah! perhaps too well,
For soon he slept and died.

All is dark within our dwelling,
Lonely are our hearts today
For the one we loved so dearly
Has forever passed away.

Another little lamb has gone
To dwell with Him who gave;
Another little darling babe
Is sheltered in the grave.
God needed one more angel child
Amidst His shining band,
And so He bent with loving smile
And clasped our darling's hand.

The little crib is empty now,
The little clothes laid by,
A mother's hope, a father's joy,
In death's cold arm doth lie.

Go, little pilgrim, to thy home
On yonder blissful shore;
We miss thee here but soon will come
Where thou hast gone before.

Elton's little lips, so sweet to kiss,
Are closed forever now
Those sparkling eyes that shone so bright
Beneath that pearly brow.

That little heart that beat so high
Free from all care and gloom
Are hidden now from those he loved
Within the silent tomb.

Dear little hands, we miss them so,
All through the day where'er we go;
All through the night how lonely
It seems

For no little hands to wake me out
Of my dreams.

We miss them all through the weary hours
We miss them as others do sun-
shine and flowers,
Daytime or nighttime where'er I go
Dear little hands we miss them so.

Not now, but in the coming years
It may be in the better land
We'll read the meaning of our tears
And there sometime we'll understand.

'Tis hard to break the tender cord
When love has bound the heart
'Tis hard, so hard to speak the words
We must forever part.

Dearest Elton, we have laid thee
In the peaceful grave's embrace
But thy memory will be cherished
Till we see thy heavenly face.

From a loving Cousin,
S. A. HUTZLER,
Dunlay, Texas.

Rid Your Children of Worms

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath, are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brisbin, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail. Price 25c. Dr. Pierce's FAVORITE PRESCRIPTION

Give it a fair trial for banishing those distressing pains or drains on one's vitality. This prescription of Dr. Pierce's regulates all the womanly functions. It eradicates and destroys "Female Complaints" and weaknesses that make women miserable and old before their time. Every girl needs it before womanhood. Every mother needs it. It is an invigorating tonic for the female system. All medicine dealers have sold it with satisfaction, to customers for the past 40 years. It is now obtainable in liquid or tablet form at drug stores—or send 50 one-cent stamps for trial box, to R. V. Pierce, Buffalo.

Unsightly Face Spots.

Are cured by Dr. Hobson's Eczema Ointment, which heals all skin eruptions. No matter how long you have been troubled by itching, burning, or scaly skin humors, just put a little of that soothing antiseptic, Dr. Hobson's Eczema Ointment, on the sores and the suffering stops instantly. Healing begins that very minute. Doctors use it in their practice and recommend it. Mr. Alleman, of Littleton, Pa., says: "Had eczema on forehead; Dr. Hobson's Eczema Ointment cured it in two weeks." Guaranteed to relieve or money refunded. All druggists, or by mail. Price 50c Pfeiffer Chemical Co., Philadelphia and St. Louis.

Many a prayer for vision ought to be changed to a petition for vertebrae.

If you feel "blue," "No account," lazy, you need a good cleaning out. Herbine is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 50c. Sold by W. H. Windrow.

When you feel dull, out of sorts, discouraged, half sick and everything seems to be going wrong, you can blame it on your liver. It is torpid. You need

HERBINE

A Medicine of Power in All Liver Disorders.

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and all the bowels irregular—generally constipated. Herbine cleans out all these impurities, opens up the obstructed channels, strengthens the torpid liver, cleanses the blood, purifies and regulates the bowels. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

Price 50c per Bottle.

Muffins

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K C, the double-raise baking powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

One-Egg Muffins

2 cups flour; 2 slightly rounded teaspoonfuls K C Baking Powder; 1 teaspoonful salt; 1 egg; 1 cup water or milk.

Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin or gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

Graham Muffins

1 cup graham flour; 1 cup pastry flour; 2 level teaspoonfuls K C Baking Powder; 1 to 2 level tablespoonfuls sugar; 1/2 teaspoonful salt; 1 egg; 1 1/2 cups milk or water; 2 to 3 tablespoonfuls melted butter; mix and bake as One-Egg Muffins.

Graham batter should always be quite soft to insure light and moist muffins.

To get 28 other recipes as good as these, send us the certificate packed in every 25-cent can of K C Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. Jacques Mig. Co., Chicago.

PRACTICAL BAKING LESSONS

CAKES, (Continued)

In last week's lesson, I gave full directions and two simple recipes for cake baking. The great essentials in making cakes, are to use good materials, to measure carefully, and to use care in baking. A cake should look appetizing. A careless cook will seldom make a good cake or one that looks good. It is worth while to use a little extra care and attention in order to have a nice appearing cake.

Nevada Briggs

White Cake

1/2 cup butter 1 cup granulated sugar
1/2 cup milk or water Whites of three eggs
2 cups sifted pastry flour
3 level teaspoonfuls K C Baking Powder
1 teaspoonful vanilla extract

To mix white cake, measure the flour and sift it at least three times with the baking powder. Next cream the butter and sugar together until creamy and white; then add the water or milk and the flour mixture a little at a time, alternately to this creamed mixture, stirring it all the time. After all moisture and flour are added and the batter is perfectly smooth and glossy, beat the whites of the eggs until they are very stiff, adding these to the batter last. Bake in two medium sized layer pans and put together with chocolate, pineapple or plain icing.

Simple Chocolate Filling

1 1/2 cups of powdered or confectioner's sugar and enough milk or water to dissolve the sugar. Work it into a smooth paste by stirring, then add 2 tablespoonfuls of melted cooking chocolate and when smooth, spread upon the cake. To melt the chocolate break in lumps, place in a cup set in boiling water or over the steam of the tea kettle.

Uncooked Pineapple Icing

1/2 cup grated pineapple
1 egg white (unbeaten)

2 cups powdered or confectioner's sugar Put egg white in bowl with the pineapple; take a rotary egg beater and beat the sugar in a very light at a time, continuing beating until icing is stiff enough to spread. This icing is improved by long beating and adding sugar gradually, not much at a time. This recipe may be varied by using 1/2 cup of any kind of crushed fruit, such as grated sour apple, strawberries, peaches, bananas, orange juice, or lemon juice diluted one half with water.

Boiled Icing

1/2 cup boiling water Whites of 1 egg
1 cup granulated sugar

Stir sugar and boiling water until sugar is dissolved; put over fire and cook without stirring until the syrup will form a soft spongy ball when dropped in cold water, then pour into the white of egg slowly, beating constantly until stiff enough to spread. Flavor to suit and spread upon the cake; a little lemon juice added to the syrup makes the icing spongy. This makes enough for two layers. Instead of 1/2 cup water use 1/4 cup of any fruit juice to make different icings. Nuts, raisins or figs can be added if desired.

Eggless Icing

2 cups powdered or confectioner's sugar; 1/2 cup lemon and water, cream or milk to soften sugar to consistency to spread. This cannot fail for if one should get it too soft, simply add a little more sugar. This can also be made with any kind of fruit juice to soften sugar instead of water, cream or milk.

Gold Cake

1/2 cup butter Yolks of 4 eggs
1/2 cup sugar 1/2 cup milk or water
1 cup flour, less 2 tablespoonfuls
2 level teaspoonfuls K C Baking Powder
Grated rind of orange

Things to Remember

Always have the cake batter so it will drop easily from the spoon, adding more moisture if the amount called for by the recipe doesn't make it soft enough. Cake batter that is reasonably soft will become much lighter.

Always use a double-raise baking powder to guard against cake falling, and to be assured of a light fine-textured cake. K C Baking Powder is a modern double raise baking powder, always giving uniform results. It is a baking powder with two distinct raises, first when moisture is added, and again when heat is applied. This sustains the raising until the batter is cooked, when, of course, it cannot fall.

Yolks and whites of eggs should be beaten separately. Use a rotary beater for the yolks and a flat or spoon whip for the whites.

Never grease the sides of the cake tins. Let the batter stick to the sides and cut it loose with a knife when baked. This keeps the layers even. If the sides of the pan are greased, the cake will pull away, making the top of the layer narrower than the bottom, and making it impossible to stack the layers evenly.

Bear in mind that baked dough cannot rise. Always start baking with a low flame or moderate oven, and allow the cake to double in size before increasing the heat; then bake with a hot oven until the top is brown, and the center responds to the touch.

To cut a cake when still warm or quite fresh, dip the blade of the knife in hot or cold water and cut with the damp blade. This prevents the cake from sticking to the knife.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

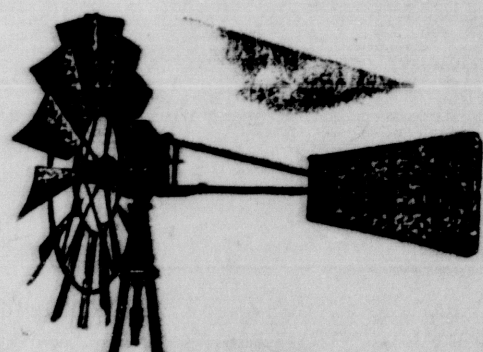

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

BIG FAMILIES IN CHINA.

Five Generations in One Home is the Height of Domestic Fame.

The Chinese are proud of large families, and a large family living together under one roof is looked upon as a proof of the good temper and correct course of life of its members and as a sure path to prosperity. A large family which is able to live together without dividing up the property always receives much credit and is highly respected. It is one of the highest distinctions in China to have Wu Fu Tung Tang, or five generations, under one roof, although such a distinction is attained by very few.

According to a recent census, the family of Meng Yu Shih, a widow, of the village of Mangtao, in the territory of Weihsuiwei, has the distinction of being the largest in the land. Her family consists of sixty-six members, and with one servant there are sixty-seven mouths to be fed daily. Meng Yu Shih is sixty-six years old and has nine sons and numerous grandchildren and great-grandchildren, all living under her roof. She has not yet attained the ambition of being the head of Wu Fu Tung Tang, but the size of her family has already given her the honor and pleasure of being the largest in China, even if she has not five generations under one roof.

There are many households of more than forty members, and almost all old and distinguished families of China have at least twenty members. Families of small size, three or four, are considered rather bad form, even if they are rich and occupying high positions. Size of family is as valuable in China as size of strong box. — Pearson's Weekly.

A VERY PRETTY TANGLE.

Curious Mixup of English Law With Mrs. Wilks' Husband.

The sad case of Mr. and Mrs. Wilks that is now engaging the prayerful attention of English justice is worthy of attention wherever the voice of a militant womanhood is borne to us upon the wandering winds.

Englishwomen, be it remembered, have already won the right to own their own property free from all interference by tyrannical husbands. Now Mrs. Wilks owns certain property upon which the tax collector has cast his ubiquitous and covetous eyes. But Mrs. Wilks is a suffragette and has therefore adopted the noble principle of no vote, no pay, and when Mrs. Wilks, being a suffragette, says that she won't do a thing she won't, and that's all there is to it.

So the tax collector, foiled for the moment, retires in disorder and then decides to renew the attack along the lines of least resistance—that is to say, by way of the relatively innocuous and defenseless Wilks. Wilks, on his part, replies that the property is not his, that he has neither part nor lot in it and that he cannot reconcile it with his conscience to "pay taxes on the property of another. Who could? Most people find it a strain on their consciences to pay taxes at all.

But now note the results. Wilks is haled off to prison since the law makes him responsible for his wife's debts while daring him to touch his wife's property. So man once more comes off second best, and the luckless Wilks may reflect upon what women really mean when they talk about the equality of the sexes.—Argonaut.

Ducks For Dollars.

A duck farm is far more profitable proportionately than a cattle ranch, and it can be started on a small amount of money. Once begun its inevitable expansion has to be taken care of up to the point where it may seem desirable to set a limit to it. There is always a ready market for ducks in every large city, and the prices do not fluctuate to any extent. There is about 100 per cent gross profit in the business. The amount of net profit depends largely upon the duck raiser himself and how well he systematizes his work. There are some men who could not make a success of any business, but the percentage of those who have failed in raising ducks is small indeed.—Leslie's Weekly.

Shoots a Knife Into Them.

In English slaughter houses animals are killed by a new and humane method. The instrument employed is a spring operated pistol that projects a sharp blade into the animal's head. No bullet enters the animal's, and as no powder is used the pistol may be placed directly upon the vital point of the skull so that the aim will be unerring, death will be absolutely instantaneous, and the animal will feel no pain.

Most Costly Porcelain Service.

At an exhibition of works of art at present being held in St. Petersburg there may be seen a set of porcelain dishes which is considered the most costly in the world. It consists of thirty-six hand colored plates. This set has an estimated value of 36,000 rubles (\$18,540), a single plate therefore being worth 1,000 rubles (\$515). It is the property of Count Orloff Davidoff.—Scientific American.

"Not dead but gone before."

Precious darling he has left us;

Left us, yes, forever more.

But we hope to meet our loved one

On that bright and happy shore.

Lonely the house and sad the hours

Since our dear one has gone.

But Oh! a brighter home than ours

In Heaven is now his own.

A precious one from us has gone,

The voice we loved is stilled

A place is vacant in our home

Which never can be filled.

God in His Wisdom has recalled

The boon his love had given,

And though the body slumbers here

The soul is safe in Heaven.

Dearest darling, thou hast left us

And our loss we deeply feel

But 'tis God that has bereft us

He can all our sorrows heal.

Yet again we hope to meet thee

When the day of life is fled.

When in Heaven in joy to greet thee

Where no farewell tears are shed.

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Steidle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three fourths of a package of them and can now eat almost everything that I want." For sale by W. H. Windrow.

The agonizing discomfort and sense of suffocation that accompany hay fever and asthma may be greatly alleviated by the use of Foley's Honey and Tar Compound. It has a soothing effect on the mucus linings, and relieves the gasping and tickling sensation in the throat and bronchial tubes.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—SAMUEL BOYER, Folsom, Iowa. This medicine is for sale by W. H. Windrow.

Many a man is waiting for an inspiration who would find success at once if he was not so afraid of a little perspiration.

Causes of Stomach Troubles.

Sedentary habits, lack of out door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again." For sale by W. H. Windrow.

The piano retails for \$400 cash.

A Good Investment.

W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. TO THE PEOPLE OF TEXAS

A community of interest prevails between the railroads and the people. Unless the people prosper the railroads cannot hope to prosper. On the other hand, unless the railroads are permitted to earn sufficient money to give good service, the people cannot enjoy the full measure of prosperity.

Railroads are today operated under the strictest of regulations. They cannot charge one cent for any service that is not authorized by officers chosen by the people. In law and good morals, these officers of the people who fix the charges that can be collected by the railroads for services performed, must fix such charges high enough to pay all legitimate operating expenses, plus an amount that will pay a reasonable return upon the value of the railroad property devoted to the use of the public.

Suppose the Legislature should pass a law taking from the pockets of the people a million dollars a year to pay the salaries of public officials not needed at all, nor whose services could be utilized in the interest of the public in any manner, would such a course be approved by the people as a whole?

We think not.

The operating expenses of railroads affect the public just as much as the taxes they pay. In one instance the taxes are collected by public officials; in the other instance the rates fixed by public officials are collected by the railroads.

It is just as impossible for the Legislature or the courts and juries to impose unjust burdens upon the railroads without, at the same time placing the burden upon the shoulders of the producers and shippers, as it is to create new public offices and expect the taxpayers to be relieved of meeting the expenses of such places.

Under the present system of levying taxes in Texas, the State Tax Board takes into consideration the appropriations made by the Legislature and levies a tax high enough to bring in sufficient money to meet the expenses of government.

In fixing freight rates, the same rule applies. The commission, after ascertaining what the railroads have to pay out for operating expenses, taxes, personal injuries, etc., fixes the rates high enough to pay all such expenses, and in addition thereto, a fair return on the

value of the property used for the public. Therefore, the higher the operating expenses, taxes, and personal injury payments, the higher must be the rates the people have to pay.

It is the sincere desire of the managers of the Texas railroads to give the public good service, and at the least possible cost to you. And we respectfully and earnestly ask you, in your own interest, to assist us in doing so, and thereby protect yourselves against unjust and unnecessary burdens.

We desire to express our appreciation to the producers of Texas who have made a study of the question, and have taken intelligent action to protect themselves against the infliction of unjust and unnecessary burdens.

We respectfully ask you to study this so-called "Railroad Problem" closely. We welcome the most searching and minute inquiry. There is so much in common between the railroads and the producers, that a better understanding and closer co-operation is bound to benefit all concerned.

Mr. and Mrs. Bierschwale of San Antonio are here, the guests of their daughter, Mrs. Horace Bradley.

Mrs. G. W. Monkhouse and sons, Charlie and Joe, returned Monday from their trip to Corpus Christi.

Mr. and Mrs. George Muennink of Hondo, were guests of Mr. F. Thumm several days last week.—Del Rio News.

Miss Willie Stewart arrived home Wednesday evening from a month's visit to the family of her uncle in Boerne.

The Woman's Missionary Society will hold a devotional meeting at the Methodist church Monday afternoon at 4 o'clock.

The protracted meeting that was being conducted by Elder E. M. Tackett at the Church of Christ closed Wednesday night.

Mr. and Mrs. O. J. Hilgers were Alamo City visitors Sunday. They were accompanied home by Mrs. Hilgers' sister, Miss Rummel.

Mr. George Monkhouse and family, enroute from Floresville to Marfa in their car, stopped over here several days this week on a visit to Mrs. G. W. Monkhouse.

Lee McNutt, for several years a clerk at the local depot, was taken seriously ill here this week and had to be taken to the hospital in San Antonio for treatment. We wish him a speedy restoration to health.

Prof. W. N. Saathoff informs us that this has been a busy week at the Normal. Thirty-seven of the teachers have taken the examination and their papers have been forwarded to the State Board of Examiners for grading.

Mr. and Mrs. W. W. Brewer left Wednesday morning for St. Paul, Minnesota, where they will make their future home. The Anvil Herald regrets their departure from our city and wishes them success in their northern home.

Grandpa Schuehle is quite sick as we go to press. The old gentleman is past 98 years of age and grave fear is entertained for his recovery. Messrs. And and Henry Schuehle, sons, and Rolf Balzen, grandson, of Mr. Schuehle are here to visit him during his illness.

This fine farm for sale at \$150 per acre. A. J. Wernette, Owner, 118 East Houston St., San Antonio, Texas.

C. G. Leighton was down from Tarp-ley the first of the week. He wasn't seeking a soul this time—or the life of a country editor either! He says he believes in the existence of the soul—now—but wants to know how the soul—all souls—can be immortal if "the soul that sins shall surely die"? We knew that sooner or later he would get us up a tree. The tomato crop in his section is short this year and we believe the Democrats are going to deform the Dingley tariff!

At the annual election of officers of the Hondo Volunteer Fire Co., held at the Fire House Monday night, Ed Ney was elected president; Felix Batot, re-elected secretary; F. A. Martin, treasurer; C. J. Bless, chief; C. A. Johnson, assistant chief; Bill Ney, foreman of chemical engine; and J. J. Droiteourt, foreman of the hook and ladder truck. Meehler & Co. turned over the new hose truck which they made for the big hose and the same was accepted by the Company.

Leading Drug Store Will Give Money Back Should There Ever be a Case Where Dodson's Liver Tonic Fails

Every person who has tried Dodson's Liver Tonic and knows how sure-ly and gently it starts the liver to working and relieves biliousness will bear out the W. H. Windrow drug store in this statement about Dodson's Liver Tonic.

"It is a purely vegetable liquid, that entirely takes the place of calomel, harmless and pleasant to the taste that has proven itself the most satisfactory remedy for a slow working liver that most of our customers have ever tried. A large bottle sells for fifty cents and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result.

In these days of doubtful medicine and dangerous drugs, a statement like the above is a pleasant assurance that Dodson's Liver Tonic is a reliable remedy for both children and grown ups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tonic and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine if you go to W. H. Windrow's for it.
